SKILLS

- **Languages**: C++, JavaScript, C, PHP, Python, Java
- **Frameworks**: HTML and CSS, Bootstrap, NodeJS, React
- **Tools/Platforms**: MySQL, MongoDB, Git/GitHub, VS Code
- **Soft Skills**: Problem-Solving, Collaboration, Adaptability

PROJECTS

API-Explorer | Live Jan'26

- Developed an API Explorer **web application** to fetch, test, and display data from **REST APIs** in real time.
- Implemented dynamic API request handling with asynchronous data fetching, enabling seamless interaction and efficient data rendering.
- Designed a clean, responsive interface with modular components and optimized performance using **React.js, Vite, HTML, CSS, and JavaScript.**

AgroLife | Live Jan'26

- Developed an informative agriculture-based web application to showcase modern farming practices and environmental challenges.
- Designed a responsive and visually appealing user interface using HTML, CSS, and Bootstrap for seamless user experience across devices.
- Integrated structured content sections including problem statement, solutions, and future scope to highlight sustainable agriculture concepts.

TravelMate-A Personalized Travel Recommendation System | Live Mar'25-Apr'25

- Built a **personalized travel recommendation platform** that suggests destinations based on budget, activities, climate, trip duration, and visa-free preferences.
- Implemented **secure user authentication** (registration & login) and dynamic recommendation logic for tailored travel suggestions.
- Designed a **clean, responsive UI** with efficient backend integration using **HTML, CSS, JavaScript, PHP, and MySQL**.

TRAINING

Cipher Schools (Edtech Company) | Certificate June'25-July'25

Data Structures & Algorithms with Java

- Undertook an intensive training in Data Structures and Algorithms using Java, focusing on implementing efficient data structures and solving algorithmic problems.
- Implemented core data structures such as arrays, linked lists, stacks, queues, trees, and graphs to strengthen algorithmic logic.
- Gained hands-on experience with OOP concepts, time complexity analysis, and efficient algorithm design.

CERTIFICATES

- Data Structures & Algorithm with Java | CipherSchools | Certificate July'25
- Cloud Computing | NPTEL, Swayam | Certificate Jan'25-Apr'25
- Responsive Web Design | freecodecamp | Certificate Oct'23

EXTRACURRICULAR ACTIVITIES

- Volunteered as NGO Member | Akhil Bhartiya Roti Bank Trust | certificate
- Volunteered as Hostel Committee Member

EDUCATION

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.5*** *Aug'23-Present*

- **Gurukul Public School** Chhapra, Bihar
  Intermediate; ***Percentage: 7.2*** *April 2021 – January 2023*
